May 1, 2018 (Los Angeles, CA) Twin Shadow (George Lewis Jr) is back today to share a new video made in partnership with [The FADER](#). "Saturdays" shows Lewis Jr. putting on an intimate performance of the critically-acclaimed song off of his latest album. *Caer* (pronounced: ka-air) is Twin Shadow's fourth album to date, and is available now via Warner Bros. Records / Reprise.

In addition to the release, Twin Shadow is announcing new fall tour dates with Børns and an additional headlining show in Minneapolis on October 9. These new shows follow a run of spring tour dates that included appearances alongside Beck and alt-J, with sold out headlining shows in San Francisco and New York, and an in-store performance at Amoeba Records on Record Store Day.

Watch "Saturdays" above, and see below for tour routing details.
