New single “MOVIN ON” available now on  
Parlophone/Warner Bros. Records

**August 1, 2018 (Los Angeles, Ca)** – [Paul Weller](#) released a new single entitled “**Movin On**” from his eagerly awaited forthcoming album **True Meanings**, set for global release on September 14<sup>th</sup>. **True Meanings** is Weller’s fourteenth solo album and twenty-sixth studio album during his incredible career and the first new music since 2017’s internationally acclaimed album [A Kind Revolution](#).

The lush, string-laden “**Movin On**” is out now and showcases Weller’s vocals at their very best. The track came about as the result of a “scratchy demo” on his phone that was sent to producer Tom Doyle of the White Label project, who co-wrote the track with Weller along with fellow White Label cohort Anth Brown (who also contributes bass to the track).

Talking about this process, Weller explains: “I’m never, ever too proud to give a song over to someone else, to see what they might be able to bring to it: that’s what it’s about really, I always want to see what people can add to my ideas. The older you get, and the more stuff you’ve done, the more important that is.”
